

### Classical Requirements for a Diploma

In order to graduate from Classical, a student is required to have a minimum of 22 credits and pass Junior Research Technology Seminar and meet or exceed expectations for the graduation exhibition. The Classical course diploma requires four years of Latin.

English	4 years	Junior Research Technology Seminar	1/2 year
Mathematics	4 years	Fine Arts	1/2 year
Laboratory Science	3 years	Physical Education / Health	4 years (1/2 credit ea year)
History	3 years	Electives	As needed
Foreign Language	3 years		

### Junior Research Technology Seminar and Graduation Exhibition

In their Junior Year, all students must:

1. Successfully complete the *Junior Research Technology Seminar* semester course and,
2. Meet or exceed the standard on their Graduation Exhibition.

The *Junior Research Technology Seminar* will require students to research a topic of personal interest and produce an argumentative research paper. Other supporting assignments, such as a journal, abstract and a portfolio are additional elements necessary for successful completion of the course. By the end of the course students will determine the initial plan for their final exhibition. During this exhibition, students will present their findings and additional information via a form of technology to a panel of judges comprised of teachers, administrators and members of the community.

### Subjects and Credits in a Given Year
