Data”). Certain portions of the Data may be considered Personally Identifiable Information (“**Personally Identifiable Information**”). De-Identified Data (“**De-Identified Data**”) is data generated from usage of Company Products from which all Personally Identifiable Information has been removed or obscured so that it does not identify an individual student and there is no reasonable basis to believe the remaining information can be used to identify a student. For the purposes of this agreement De-Identified Data will not be considered Personally Identifiable Information and, thus, shall not be deemed FERPA Data, as defined above, or COPPA Data, as defined below. Personally Identifiable Information may be collected from students under the age of 13 during the normal course of such students’ use of the Products and thus may be subject to the Children’s Online Privacy Protection Act, in which case it will be known as COPPA Data (“**COPPA Data**”), but with respect to both COPPA Data and FERPA Data, such Data may only be used for the purpose of facilitating and enhancing the use and functionality of the Products and in connection with Company’s providing the Products to District and
