The average scaled score of our bottom 25% of students was 668 during SY15-16. Our target for SY16-17 is as follows: For SY16-17, the bottom 25% of student scaled scores as determined by the PARCC assessment will average to 701. This will represent a gap closure of 33 scaled score points from SY15-16 and allow us to receive 9 out of 15 CIS points for our ELA “Gap Closure” score. This represents an increase of 9 Gap Closure points from SY15-16. Each grade level in ELA has an intervention course (Reading Plus and ThinkCerca) for grades 9-11. Teachers will use STAR Reading Assessment and STAR progress monitoring. Teachers will receive professional development in the intervention courses				

throughout the year. ThinkCerca is a writing intervention course and will become part of the ELA skills class
